

Ron Poe Stadium EVACUATION PLAN

1. Police will notify the Athletic Director, Associate Athletic Director and the Stadium Manager that the stadium needs to be evacuated
2. The public address announcer will then be notified to make the announcement to evacuate the stadium
3. The teams will be sent to the dressing rooms if the police deem them safe. If dressing rooms are not safe, the home team will be placed in the main hallway of Central Office, while the visiting team will be in the back hallway of Central Office.
4. Patrons on the home side will be moved into Faubion's hallways near the gym.
5. D&L workers on the both the home and visitor side will evacuate with the spectators and continue to maintain order.
6. Patrons on the visiting side will be moved into Faubion's cafeteria and sent into the auditorium with overflow in the classrooms
7. Ticket takers on the visitor side will go to the Faubion cafeteria.
8. Ticket takers on the home side, along with press box workers, will go to the hallways of Central Office.
9. Bands, dance teams and cheerleaders should exit at the field level and to their buses, if deemed safe. If circumstances are too extreme for students to use buses as shelter, they should proceed to Faubion Middle School (cafeteria for those on the visitor side and gymnasium for those on home side)
10. Communication will be by radio and once the all clear is given, people will be released the same direction as they entered their areas of safety.
