

Finding Tournaments on USTA.com

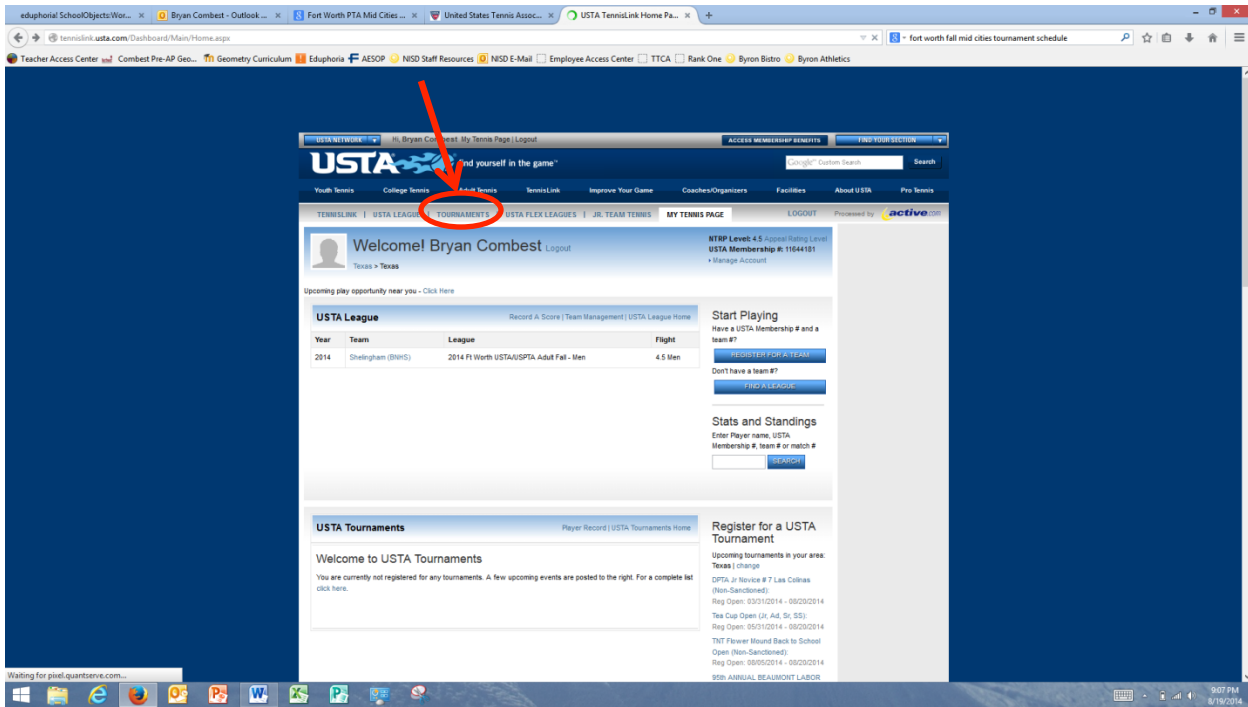

1. Become a USTA member on www.usta.com (it is very cheap for juniors!!)
2. Click on the button to go to TennisLink.

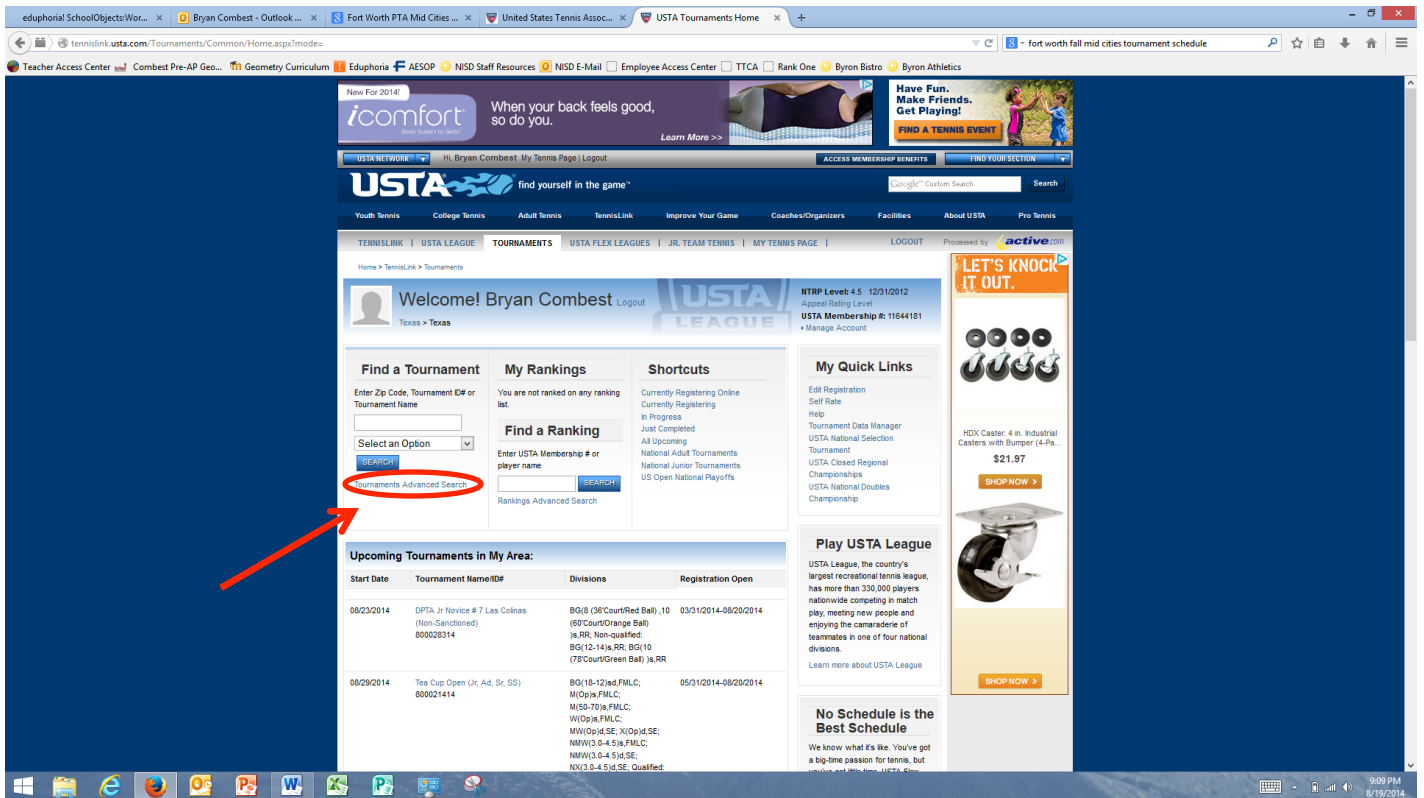

3. Login to your USTA account with email/member # and password

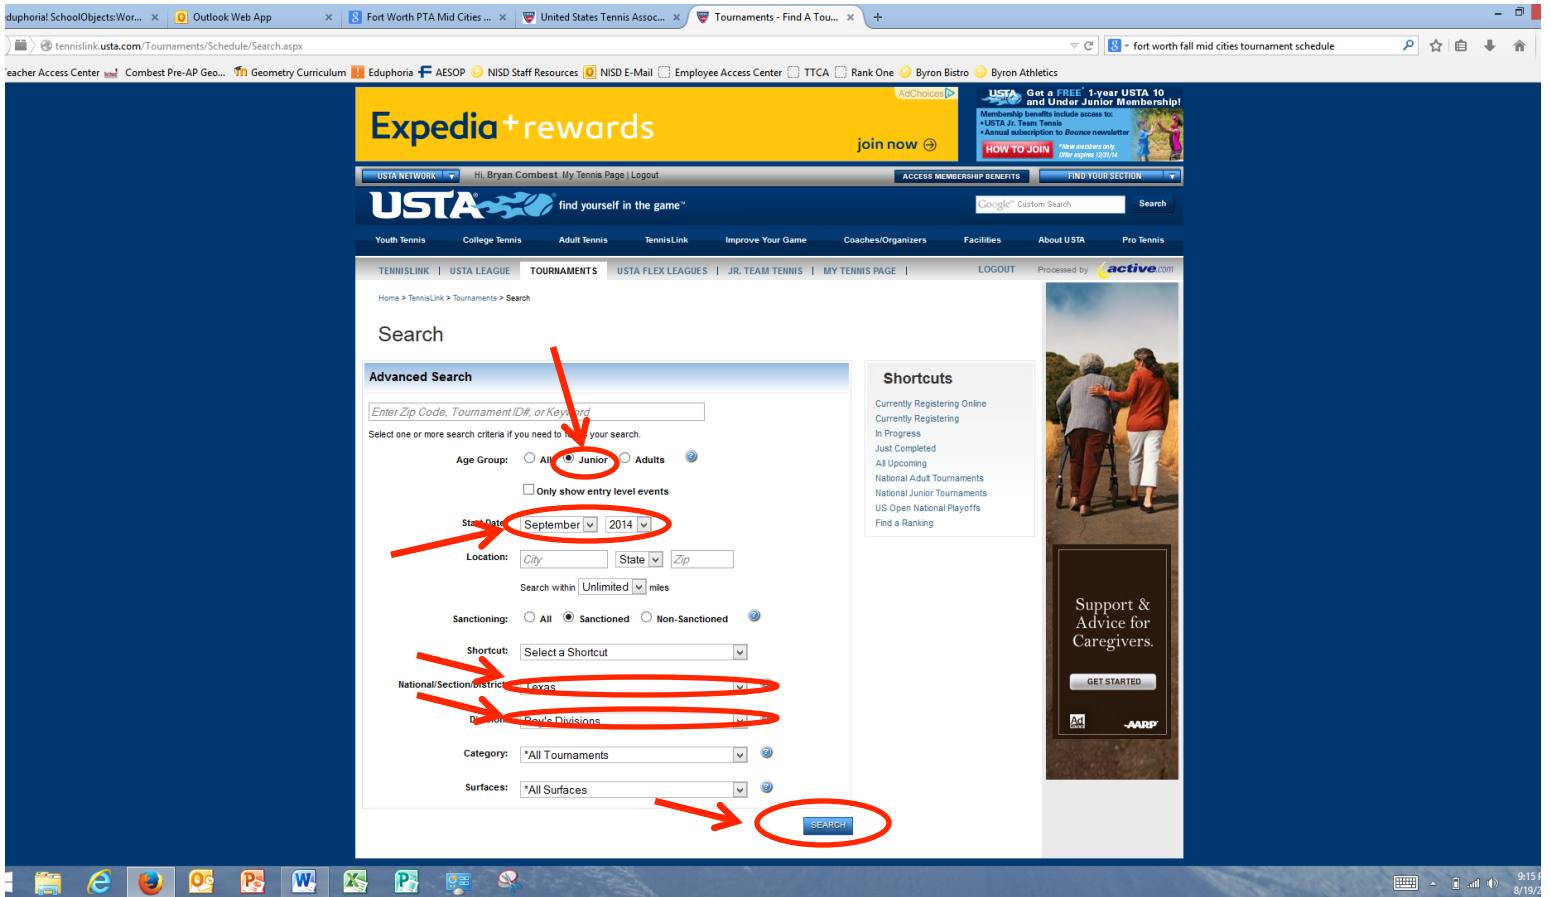

4. Click on “Tournaments”.

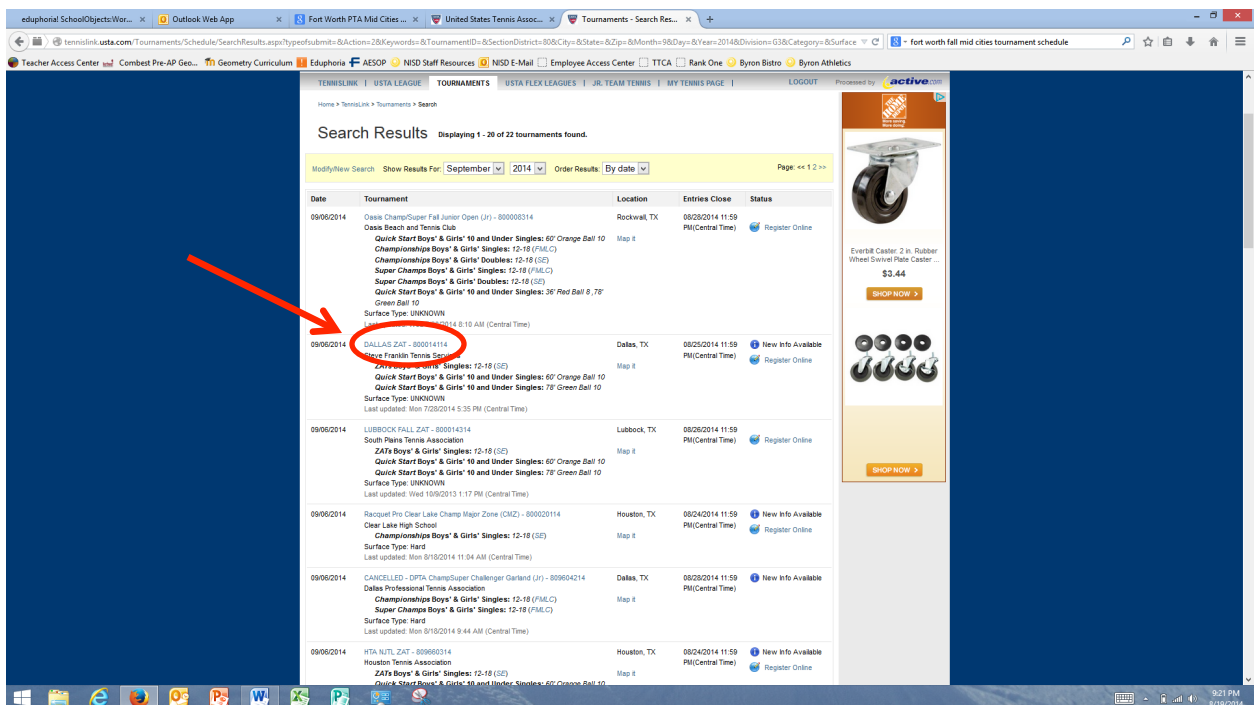

5. Click on “Tournaments Advanced Search” (If you already know the name of the tournament you are entering, you can type it in here. If you are trying to search for what is available in the near future, this option is better).

6. On the next page you will select your criteria. Select the following: “Junior”, “The Month”, “Texas”, “Boy’s/Girl’s Divisions”, and then the Search button.

7. Scroll through the list of junior tournaments and select the one that is best for you.

8. From here, click the red “Register” button to register your player for the tournament.

The screenshot shows the USTA website interface for the Dallas ZAT tournament. The page includes a navigation bar with options like 'Youth Tennis', 'College Tennis', and 'Adult Tennis'. The main content area displays tournament details for 'DALLAS ZAT', including the sanctioned organization (USTA TEXAS), tournament ID (800014114), dates (September 6-7, 2014), and divisions (ZAT's Boys' & Girls' Singles: 12-19 (SE), Quick Start Boys' & Girls' 10 and Under Singles: 6' Orange Ball 10, Quick Start Boys' & Girls' 10 and Under Singles: 7' Green Ball 10). A red circle highlights the 'REGISTER NOW' button in the 'Entry Info' section, with a red arrow pointing to it. Other sections include 'Organization', 'Contacts', 'Important info', and 'Edit Registration'.

9. There are 4 different types of tournaments the players should be looking for:
- Mid-Cities** – these are lower level introductory tournaments. There will be a variety of players, mostly JV, and after a couple of successful tournaments, players should move to the next level.
 - ZAT's** – The first level of sanctioned USTA Tournaments. Every win accrues points to qualify for the next level. There are low-level JV to mid-level varsity players in these tournaments.
 - Champs** – After accumulating 65 points in ZAT's or winning a ZAT tournament, a player qualifies for Champ level tournaments. These are mid-level Varsity to top Varsity players.
 - SuperChamps** – after accumulating 65 points in Champs or winning a Champ Tournament, the player qualifies for SuperChamps. These are your top-tier Varsity level players. There are different levels within SuperChamps, and can qualify for National Tournaments at the upper levels.
