SUMMARY

On behalf of McKinney ISD Athletics, we are pleased to present this outline for the plan to return our student-athletes to in-person on campus training. This is our blueprint to return our athletes to their respective sports on our campuses. The health and safety of our student-athletes is our number one priority and the following guidance based on what is currently known about the coronavirus disease (COVID-19). McKinney ISD Athletics designed this guidance to help prevent workplace exposures to COVID-19 for all student-athletes, coaches, and staff and will be updated as additional information becomes available.

The following guidelines were compiled with the assistance of McKinney ISD athletic administration, MISD Director of Health Services, our Licensed Athletic Trainers, our High School Campus Coordinators, and the guidelines of the University of Interscholastic League. With social distancing requirements, it will take many more HOURS and AREAS to provide our student-athletes a quality athletic experience.

Athletics will continue to work closely with the UIL, campus administration, the State of Texas, Collin County and the City of McKinney health officials so timely and accurate information can guide appropriate responses. Local conditions will influence the decisions that public health officials make regarding community-level strategies.

We will expect staff and athletes to conduct themselves as if they are contagious. The policies in our plan are designed to minimize risk for athletes and staff. It is vital to the health and safety of everyone that our athletes and staff are fully conscious of this at all times and take responsibility for following these guidelines seriously.

A. Key Principles:

- Limiting personal interaction – face-to-face interaction and person-to-person contact will be limited to essential activities that cannot be performed in an alternative (virtual or remote) fashion. When such activities are required, social distancing and other infection-spreading mitigating measures will be emphasized.
- Hygiene – hand washing will be emphasized before, during, and after team activities when practicable.
- Cleaning and sanitization – routine and enhanced cleaning and sanitization measures will be implemented.
- Screening Procedures for Student-Athletes – Daily symptom and temperature screening assessment will be required of student-athletes.
 - Staff will continue to be screened daily
